**VIA EFS WEB**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Madam:

I hereby state that the enclosed Sequence Listing, submitted as a text file entitled 09370453SQLb.txt is the same as the paper copy of the Sequence Listing submitted with the originally filed application on 08/09/1999. The instantly submitted sequence listing has been reformatted from the original version using Patent In version 3.2, but the content of this sequence listing is the same as the content of the original paper copy, and contains no new matter.

A text file submitted earlier today, 09370453SQL.txt, incorrectly indicates that the SQL contains 80 sequences, rather than the 77 sequences contained therein.

Applicants believe no fees are due at this time. **The Commissioner is hereby authorized to charge any necessary fees and credit any overpayment to Deposit Account 50-4302**, referencing Attorney Docket No. GENITOPÉ-03849.
